BILL ANALYSIS

H.B. 773
By: West, George "Buddy"
Energy Resources
Committee Report (Unamended)

BACKGROUND AND PURPOSE

The Texas Building and Procurement Commission (TBPC) is statutorily required to delegate purchase authority to agencies seeking to procure services for an amount over \$100,000. The Railroad Commission has sought such authority for well plugging and site remediation services over several years. TPBC's approved delegations have been tracked and to date, TPBC has approved 100% of the Commission requests. During the 78th legislative session, the Commission's delegated authority was increased to \$300,000. TPBC continues to approve 100% of the Commission's requests to procure well plugging and site remediation services. Seeking TBPC's delegated approval authority increases the procurement cycle by 10 days, the amount of time TPBC has to review the procurement package.

HB773 would remove the \$300,000 delegated authority limitation placed on the Commission well plugging and site remediation purchases. In addition, it corrects some of the provisions previously granted in HB 2444 (78th Legislative Session).

RULEMAKING AUTHORITY

It is the committee's opinion that this bill does not expressly grant any additional rulemaking authority to a state officer, department, agency, or institution.

ANALYSIS

SECTION 1: Subchapter , Chapter 2155, Government Code:

Adds Section 2155.149(a-c)

- (a) Delegates all purchasing functions to the Railroad Commission for purchases relating to well plugging and site remediation under \$300,000.
- (b) Requires the Railroad Commission to acquire goods and services by any procurement method that provides the best value to the Railroad Commission and to consider the best standards listed in Section 2155.074 of this code.
- (c) Requires the Texas Procurement and Building Commission to procure goods and services for the Railroad Commission and authorizes the Railroad Commission to use the services of the TPBC in procuring goods and services.

SECTION 2: Section 81.057, Natural Resources Code:

Section 81.057 Exempts the TPBC from certain purchasing rules.

H.B. 773

AUTHOR'S/SPONSOR'S STATEMENT OF INTENT

Currently, the Railroad Commission of Texas (commission) must ask the Texas Building and Procurement Commission (TBPC) to delegate purchasing authority for the commission to procure services, such as well plugging and site remediation services, for an amount over \$300,000. To date, TBPC has approved 100 percent of the commission's requests. Such process of approval increases the procurement cycle by 10 days, the amount of time allowed TBPC to review the procurement package. In addition, peer agencies are not required to seek purchase authority from TBPC.

H.B. 773 removes the \$300,000 delegated authority limitation placed on the commission's well plugging and site remediation purchases and amends previous legislation that included broader authority than originally requested by the commission to limit such authority to only well plugging and site remediation programs. H.B. 773 also removes exemptions not requested by the commission for purchasing rules regarding HUB (historically underutilized businesses) rules and applicability and purchasing goals and subcontracting.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.

SECTION BY SECTION ANALYSIS

SECTION 1. Amends Subchapter C, Chapter 2155, Government Code, by adding Section 2155.149, as follows:

Sec. 2155.149. CERTAIN PURCHASES BY RAILROAD COMMISSION OF TEXAS.

(a) Provides that the Railroad Commission of Texas (commission) is delegated all purchasing functions relating to abandoned wells and oilfield cleanup.

(b) Requires the commission to acquire goods and services by any procurement method that provides the best value to the commission, considering the standards listed in Section 2155.074 (Best Value Standard for Purchase of Goods or Services).

(c) Requires the Texas Building and Procurement Commission (TBPC) to procure goods and services for the commission at the request of the commission and authorizes the commission to use the services of TBPC in procuring goods and services.

SECTION 2. Amends Section 81.057, Natural Resources Code, as follows:

Sec. 81.057. EXEMPTION FROM CERTAIN PURCHASING RULES. Deletes existing text exempting the commission from following any purchasing procedures prescribed by or under Section 2161.003 (Agency Rules) or 2161.004 (Applicability; Intent), Government Code, or Subchapters D (Purchasing Goals) and F (Subcontracting), Chapter 2161, Government Code, when the commission makes a purchase in connection with the remediation of surface locations or well plugging.

SECTION 3. Repealer: Section 81.021 (Delegated Purchases), Natural Resources Code.

SECTION 4. Effective date: September 1, 2005.

FROM: John S. O'Brien, Deputy Director, Legislative Budget Board

IN RE: HB773 by West, George "Buddy" (Relating to certain purchases by the Railroad Commission of Texas.), **As Engrossed**

No significant fiscal implication to the State is anticipated.

The bill would delegate all purchasing functions relating to plugging wells and remediation of surface locations to the Railroad Commission. The bill is expected to streamline procurement processes, but is not expected to have a significant impact on agency costs.

Local Government Impact

No fiscal implication to units of local government is anticipated.
